COONRADT

the better people leader

Charles Coonradt founded The Game of Work to answer the charge that U.S. productivity was not world class. Through it, he teaches businesses the principles that unlock keys to employee involvement, engagement, and energy. In *The Better People Leader*, the companion volume to *The Game of Work*, Coonradt takes it a step further to explore the crucial role leaders have in creating environments that foster success. Better people leaders motivate, inspire, empower, and lead their teams to greatness—greatness their teams often didn't know they had in them. *The Better People Leader* contains the fundamentals that will help you get the most from whatever team you are called to lead.
