180 Color Photographs  
9781423650447

**Bison**  
“The true wealth of the book is in Hall’s magnificent photos of bison in their habitat, walking single file through deep snow, a cow giving birth in a spring meadow, a herd grazing in front of a mountain backdrop, a close-up of winter fluff on a shedding flank, a winsome calf next to its massive mother, and iconic images of bison next to Yellowstone’s thermal pools. Accompanied throughout by quotes from Native elders, politicians, scientists, and historians, Hall’s photos sing.”  
—Booklist

*Stories in Stone*  
 "Keister, a photographer particularly interested in historic architecture, has written a handy, engaging, and exhaustively researched guide to the symbols found on gravestones and monuments. The guide is brought to life by Keister's sharp photographs, and its slim size and elegant binding make it a perfect companion whenever—and wherever—one travels. As he writes in the introduction, 'Dead men may tell no tales, but their tombstones do.'" —Foreword
