

LUNA

Welcome to Luna's enchanting world where magic flows through every page. Enjoy a moonlit walk through a garden full of flowers, explore fantastic plant treasures in dense forests, and get to know new creatures around every corner. Gather your thoughts and calm your mind by coloring all the beautiful plants and animals in Luna's world. Includes a register of the plants and animals found in the book and Maria Trolle's signature white-on-black imagery.

Maria Trolle is a graphic designer and illustrator living in Tyresö, outside of Stockholm. Her passion for gardening acts as a thread to her art, with plants, vegetables, and flowers offering daily inspiration—preferably from her own garden.
Luna is her fifth coloring book.
